MOKENA VETS HAVE A DRUM- BUGLE CORPS

Mokena has a drum and bugle corps. It is something that has been desired for many years.

The William Martin VFW Post of Mokena announced this week through its publicity chairman, Eino Saarela, that the post has formed such a corps, starting with four drummers and one bugler, Adam Schneider is the drum instructor. They plan to play in the Memorial Day celebration in Mokena.

We are sure this news will be welcome to "The Office Boy" for at one time he suggested that very thing. Maybe he will be tagging along on his bike in the Memorial Day parade.

Cook County to Have New Highways

(CNS)—The County Board approved \$5,248,000 in highway improvements to be made this year Tuesday and announced the roads to be paved, widened and resurfaced. Four new bridges are included in the projects.

Forty-six per cent of the money will be spent within the city of Chicago; 41 per cent will be spent on roads in the suburbs; and 13 per cent will be spent in the rural, unincorporated areas of the county.

Pavements, including some widening, included in the program follow:

Western Ave., widening from 2 to 4 lanes, Sauk Trail to Lincoln Hwy., 2.2 miles, \$260,000; in Park Forest, Chicago Heights, rural area, a federal aid secondary road.

Western av., widening from 2 to 4 lanes, Steger to Sauk Trail, 0.3 mile, \$52,000; in Park Forest and rural area.

Western av., resurfacing, 119th to 79th, 5 miles, \$300,000; in Chicago, rural area, and Evergreen Park.

Wilke rd., a new pavement over the old road, from Kirchhoff to Euclid, 1 mile, \$100,000; in Arlington Heights and rural area.

The total of \$5,248,000 will come primarily from motor fuel tax rebates from the state of Illinois. New construction, included in the 1950-1954 program, depends on how much the county receives in 1952-1954 from the motor fuel tax fund.

MANY ATTEND OPEN HOUSE OF HEDGES CLINIC

Dr. W. V. Hedges

The weather was ideal for the open house of the Hedges Clinic at Frankfort Sunday afternoon. Over 60 adults not counting the children passed through the doors, inspected the rooms and equipment and visited with the personnel.

The rooms were made more attractive by the many lovely gifts of flowers sent by the many friends.

On the wall of the entrance, has been placed a bronze plaque with the wording: "Hedges Clinic. In honor of Walter V. Hedges, M. D., F.A.C.S., for his exceptional and untiring service to this community since 1908." Dr. Hedges also served a number of years as chief of staff of Silver Cross hospital.

Assisting Drs. W. H. Cave and Claude Otto and their wives in receiving the guests, were Dr. and Mrs. James Lambert, the incoming physician. Dr. and Mrs. Hedges, Mrs. Bertha Nieland, Miss Florence Jollstein and Mrs. Frances Schroeder, nurses.

After the guests had walked through the rooms, signed the guest book with Mrs. Cave, Mrs. Lambert and Mrs. Schroeder in charge, they continued through to the former Hedges home where lunch and cookies were served with Mrs. Hedges and Miss Hollstein presiding, assisted by Mrs. Laona Tewes.

It was a happy occasion and the many guests were glad to extend congratulations to the physicians, and best wishes also that they may be successful in their mission and obligation, that of the healing of those coming to them for that purpose.

Where's Mother?

Bursting in from school or play, That is what the children say: Trooping, crowding, big and small, On the threshold in the hall— Joining in the constant cry, Ever as the days go by, "Where's mother?"

From the weary bed of pain This same question comes again; From the boy with sparkling eyes, Bearing home his earliest prize; From the bronzed and bearded son, Perils past and honors won— "Where's mother?"

Burdened with a lonely task, One day we may vainly ask For the comfort of her face, For the rest of her embrace, Let us love her while we may, Well for us that we can say, "Where's mother?"

Mother, with untiring hands, At the post of duty stands, Patient, seeking not her own, Anxious for the good alone, Of the children as they cry, Ever as the days go by, "Where's mother?"

—Adult Bible Class.

WHAT THE WORLD NEEDS

A little more kindness, a little less greed,
A little more giving, a little less greed,
A little more smile, a little less frown,
A little less kicking a man when he's down,
A little more "we", a little less "I"
A little more laugh, a little less cry
A few more flowers on the pathway of life
And fewer on the grave at the end of the strife.

BROKER SUES FOR COMMISSI'N

(CNS)—Brendan M. O'Connell, 6404 S. Artesian Av., sued Martin Coghill, 7119 S. Talman, owner of the Coghill Golf and Country club at 119th and Archer av., Lemont, for a commission on a \$525,000 real estate deal O'Connell said he brought about.

According to the suit, Coghill asked O'Connell on June 16, 1949 to find a buyer for the club who would be willing to pay \$525,000, and promised O'Connell a \$25,000 fee if he could.

On July 8, O'Connell charged in his suit he submitted the property to Joseph Jamssek, of Wayne township, DuPage county, near West Chicago, and so informed Coghill.

Subsequently, the real estate broker charged, Coghill and Jamssek concluded a purchase contract and concealed it from him. He said the club was sold in March 1951 or earlier.

O'Connell is seeking his \$25,000 fee which he charges is due him from Coghill, who has also been in court recently in connection with a dispute about a hog farm near the country club.

MOKENA PUPILS AT ORLAND HI

Four eighth grade girls from the Mokena public school visited in the Orland Park Community high school Friday of last week. The girls were Julia Howes, Margie Ann Stahl, Lucille Van Vostry and Marilyn Hohenstein. The purpose of their visit was to acquaint themselves with the way the school is organized and to show them how high school courses are run. The girls are planning to attend the high school next year. They were allowed to come to the school as part of the "Step-Up Day" of the Mokena public school. This procedure gives graduating eighth graders an opportunity to visit the schools which they plan to enter for their freshman year.

The girls attended the homemaking class the first period of the school day. Here they received explanations of the school activities such as the school paper, the FHA etc. in which they may wish to participate. The second period they attended the freshman English class. They went to chorus during the third period. During the fourth period, they participated in the girls' gym class. They went again to the homemaking department for the fifth period class. Since each of them will be required to take general science, they attended the general science class during the sixth period. The seventh and last period of the day was spent in the general mathematics class.

Motor Club Tells How to Save Gas

Here's a tip for motorists who want to stretch gas mileage on that long-awaited vacation trip. And who doesn't!

The Chicago Motor Club says the methods used by the expert drivers in the 1951 Grand Canyon Economy Run point the way to better mileage for all motorists. In

this contest, strictly supervised by the American Automobile Association, ordinary stock cars are driven over a rugged 340-mile course from downtown Los Angeles to Grand Canyon.

This year the cars averaged 24 miles to the gallon. The sweepstakes winner got 25½, while some of the lighter cars did 30 or better.

How do they do it? Well, here's what Les Viland, pilot of the sweepstakes-winning car has to say: "In modern cars, drivers often go

up to 70 or 80 miles an hour without realizing it—and there goes your gas mileage."

Besides maintaining an average speed of 40 miles an hour or so, the economy drivers are careful to get off to a smooth, gentle start that uses a minimum of gas; and when they have to stop, they let up on the accelerator well ahead of time.

Summing up the methods developed in this contest, the Motor Club advises four major ways you can get better fuel efficiency from your own car:

1. Have timing and carburetor adjusted for better performance; even new cars often are not properly set.
2. Don't punch down on the accelerator; a light, steady touch is the way to save gas.
3. Anticipate stops. Let up on your gas pedal early; time your speed to avoid stopping at lights whenever possible.
4. On a steep upgrade, shift promptly to second when the engine starts to labor.

Engine "ping" Not Due to Lower Octane Says Motor Club

Don't blame lowered gas octane ratings for engine "ping," the Chicago Motor Club advises.

Recently the Petroleum Administration set up allocation systems to conserve tetraethyl lead which will drop the gasoline octane ratings from 1 to 1½. This change in ratings however will not be noticed by most motorists, according to the Club bulletin.

When you hear a ping, the Club says, it is metal striking metal. Your fuel is burning before the valve is seated properly and the valve guide strikes the valve causing the piston to wobble.

Among causes of this tapping noise are: excessive carbon in the piston, excessively advanced or retarded timing, an overheated engine, and inferior quality gasoline.

Under the new order, petroleum refiners who used more than one million pounds of tetraethyl lead in motor gasoline during 1950 will be restricted, during the next 12 months, to a base allotment of one million pounds, plus 80 percent of their 1950 consumption in excess of the base allotment.

Refiners who used one million pounds or less during 1950 will be allowed the full amount of their 1950 consumption.

Scholarships, Camp Trips Awards for 4-H Club Activity

A new 4H activity in which Agriculture and Home Economics club members can aim for four \$200 Scholarships and 138 Camp Trips was announced by Ray Alderson, Will County Farm Advisor.

Called the Farm and Home Electric Activity for Northern Illinois 4-H Clubs, the Activity, sponsored by the Public Service Company of Northern Illinois, is open to all club members in twenty-three northern Illinois counties. Three agricultural club members and three home economics club members from each of the twenty-three counties participating will be awarded Camp Trips and the four \$200 Scholarship winners will be selected from the Camp Trip winners.

4-H'ers can enter the Activity by using electricity or electrical equipment in any or all phases of their regular 4-H projects and then making a report in the official Farm and Home Electric Activity folder which can be obtained from local club leaders.

"Of particular interest to all 4-H'ers," Alderson stated, "are the Make-a-Handicord and Bake a Waffle participation meetings which are a part of the activity. During the Make-a-Handicord meeting club members learn how to safely assemble a heavy duty extension cord of the variety recommended for farm use, Home Ec club mem-

bers will mix and bake waffles using several types of electric mixers and waffle irons during the Bake-a-Waffle parties."

4H clubs wishing to schedule either the Bake-a-Waffle or Make a Handicord meeting can do so by contacting their local Public Service Agricultural Engineer or the Will County Farm Bureau office.

Folders describing the Farm and Home Electricity Activity were ready for club leaders about the middle of April.

"Just Been Thinkin' "

It is not only around Mother's Day that we turn our thoughts and our appreciation to those dear, gray headed angels of our earthly existence . . . All our constant inspirations, our havens of comfort and understanding, our symbols of sympathy . . . and I like especially to think of my own mother as I have seen her so often:

THE FACE AT THE WINDOW
There is one thing of Mother
I shall never forget—
Through distance and travels
It follows me yet—

It's her face at the window
Peeping out like the sun
As I leave on each journey
And bow to be done—

Her brow, old and etched,
Is lined with concern
And her eyes are a beacon
That ever shall burn!

There in the casement
Is love from her heart
And a hand waving gently
When I must depart.

I return and the visage
Grows lovely as lace
With the welcoming smile
Of that tired old face;

And, wherever I go,
Life is florid and fair,
For I have been blest
By my mother in prayer.

Where the framework has formed
With a delicate grace
The Crucifix close
To her beautiful face!

2. CLUTCH is tested and adjusted.
3. FRAME is checked for alignment and structural fitness.
4. ENGINE is tested and tuned.
5. IGNITION system is checked for reliable starting and operation.
6. AXLE operation is checked to assure road-worthiness of gears and bearings.
7. UPHOLSTERY is checked for wear and appearance, and reconditioned where necessary.
8. STEERING is tested and inspected.
9. UNIVERSAL JOINTS and propeller shaft are checked for alignment.
10. TRANSMISSION is tested for shifting ease.

Today, you not only want a used car you can drive with complete confidence, you want one that will give you reliable service for the years ahead.

You get both in a Ford Dealer's A-1 Used Car. The purpose of the A-1 program is to give you a mechanically sound product . . . with sound dealer backing.

An A-1 Used Car seal of approval is not lightly given. Not all used cars earn it. But when a Ford Dealer expresses his confidence in a product by giving it an A-1 ranking, it is your best guide to new-car driving confidence at a used car price.

To Help Dogs As Well As People

Unwanted stray dogs and cats
held in public pounds would be
saved for medical and veterinary
medical studies instead of being
destroyed according to the provi-
sions of a bill introduced in the
House.

The measure, which was intro-
duced by Representative W. E.
Westbrook, R. Harrisburg, was
backed by 31 other sponsors and
requires that medical institutions
obtaining the animals first be in-
spected and licensed by the State
Department of Public Health.

The bill also permits local boards
of health to establish pounds when
the threat of diseases carried by
stray animals or attacks on live-
stock or poultry constitute an em-
ergency situation.

In order to make it easier for pet
owners to reclaim strayed animals
the right to impound animals would
be limited to municipal authorities
or their agents wherever public
pounds are operated.

Representative Westbrook em-
phasized in discussion of the mea-
sure that the bill provides ample
safeguards for pet owners who do
not wish to have their dogs or cats
used in medical investigations.

"Under this measure," said Rep.
Westbrook, "no animal whose own-
er has brought it to the pound with
instructions for its destruction will
be used for medical studies. The
owners of licensed dogs, of course,
will be notified when their animals
are picked up and all animals must
be held five days or whatever local
regulations provide. Medical insti-
tutions will be able to obtain more
than enough needed animals from
among the tens of thousands of
strays that are killed because no-
body wants them."

Rep. Bernice Van der Vries, an-
other sponsor of the measure said,
"There is great need for this bill.
It is time that we put the pro-
curement of animals needed for
teaching and research on an order-
ly, regulated basis. This bill will
vest responsibility for the proper
treatment and care of laboratory
animals in a department of the
state government where it be-
longs."

Dr. C. C. Pfeiffer of the Univer-
sity of Illinois College of Medicine
said passage of the bill is an urgent
matter "because important studies
in medical institutions throughout
the state are now being hampered
by limited and irregular supplies of
test animals."

"Important investigations at
Southern Illinois University have
been handicapped.

"The College of Veterinary Medi-
cine at Urbana is in need of more
dogs for studies of dog diseases.

"Studies being conducted for the
Armed Forces at the University of
Chicago have been temporarily
halted because of a lack of ani-
mals."

Rep. Westbrook said the bill has
widespread public support. He said
that among the organizations which
favor saving unclaimed animals
for medical studies are: Illinois
State Medical Society, Illinois
State Industrial Union Council
(CIO), Illinois State Veterinary
Medical Association, Illinois Fed-
eration of Women's Clubs, Illinois
State Nurses Association, and the
Illinois Junior Chamber of Com-
merce.

How Nations Decay

Lesson for May 13, 1951

THE mortality rate of nations is
100%. So Dr. T. W. Lingle
used to put the fact that no nation
yet has lived forever. They all die
sooner or later. What kills them?

The student of history may delve in-
to such books as
Gibbon's "Decline
and Fall of the Ro-
man Empire" or
Spengler's pessi-
mistic "Decline of
the West", or Toyn-
bee's more optimis-
tic six-volume
"Study of History."

Dr. Foreman
But when the juice has been
squeezed out of these learned and
interesting volumes, the Truth's es-
sence turns out to be much the
same as what we can find by read-
ing the Old Testament. True, the
nations under the Old Testament
lens are not big empires like Rome,
still less like the British Empire;
the kingdom of Israel was only
about 100 miles long and 60 miles
wide, while the kingdom of Judah
was smaller than many an Ameri-
can county.

Promise

WHEN Solomon died, the king-
dom he had inherited from
David had already shrunk. After
his death, what was left immedi-
ately split into two kingdoms, the
one on the south called Judah and
the one in the north called Israel.

The nation of Israel, which
lasted more than 200 years, be-
gan with great promise. Indeed,
one of God's prophets (I Kings
II) had given to Jeroboam, the
first king, the same promise
which had been given David, of
an enduring kingdom on con-
dition of obedience to God.

Everything seemed to be favor-
able. Israel had more territory than
most of her neighbors had, a far
more productive soil, and easy ac-
cess to transportation.

Crash

ISRAEL should have succeeded;
but it failed. Only a little more
than 200 years afterwards, no very
great age as nations go, it crashed
completely, never to rise again.
When the walls of its "impregna-
ble" capital city of Samaria, after
a two-year siege, fell to the bat-
tling-rams of the Assyrian army, and
over 27,000 leading citizens were
deported, that was the end of Is-
rael for good and all.

How did this happen?
The Hebrew historian ties
everything into a few words
when he says that they wrought
wicked things . . . they rejected
God's statutes . . . they served
idols.

But what were the details? What,
in particular, did the nation of Is-
rael do that was wicked?

Reading the prophet Amos will
give many of the answers. At the
time he preached, by all chamber-
of-commerce standards Israel was
at the peak of production and pros-
perity. But he foresaw doom around
the corner, and he gave reasons.
He called a spade a spade. Read-
ing him, or even reading the bald-
er accounts in Kings, we can see
the collapse was no mystery.

Other Gods

ONE thing fundamentally wrong
with Israel was idolatry. This
was not the simple matter of
making carved images; it meant
taking some other "god" to be the
true God.

We know what the religions
of Chemish and Molech and
Baal were like; they were thor-
oughly bad. In the law of the
true God, life and purity were
regarded as sacred; life and
purity under these other gods
were held cheap. But one can
see from reading Amos that
what the people of Israel real-
ly worshipped was still another
idol to whom no statue was
erected; their own pleasures.

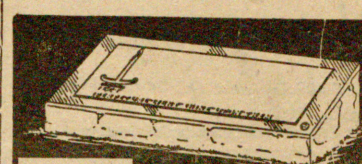

Too many citizens didn't care
what happened to the country, so
long as they could get their liquor.
Well, let us not read the Old Testa-
ment from mere curiosity. What
about our own nation, our own peo-
ple and times? The United Steward-
ship Council (now the Joint De-
partment of Stewardship of the Na-
tional Council of the Churches of
Christ in the U. S. A.) reports that
every year since 1934, excepting
1936, has shown an increase in
giving through the churches.

But—the percent of this increase
is not so large as the increase of
annual income. The increase for
contributions through the church of
God is less, far less, than the in-
crease in spending for alcoholic
liquors, soft drinks, candy, football
games, jewelry, and a multitude of
other things. We, like Israel, are
putting God last!

Let's Clean Pioneer Cemetery

Elsie has an answer! A citizen of Mokena has been following the letters published in this paper and signed "Elsie" and agrees with the idea those letters suggested, that of cleaning and fixing the Pioneer Memorial cemetery at Mokena. This citizen suggests that as many Mokena people as possible, gather at the cemetery on Wolf road this Saturday morning at 10 o'clock with shovels, scythes, sickle, wheel barrow or anything that will be needed to do the work at hand.

We would suggest that Elsie take the lead and be say "captain" of the workers. We are hopeful many people; men, Boy and Girl Scouts, village fathers, Vets meet at the cemetery this Saturday morning and help create a beauty spot for Mokena out of an eye sore.

A few years ago we made a week

nd trip to Prairie du Chien, Wis., and there enjoyed a conducted tour of the local places that the people there are proud of. One was an old cemetery, and the guide explained how a group of interested women were reclaiming that old spot where rested many of their early settlers. At that time, much of it was still over-grown with high grass, but where it had been cleared, was an attractive sight. We thought at once of Mokena's pioneer cemetery where is buried a soldier of our revolutionary war, and how we could also have an attractive place, perhaps to show tourist also, by efforts of civic pride.

How many will be there Saturday? We hope that Elsie will have nothing else scheduled for that day and hour.

Dog Poisoner at Work in Mokena

The dogs of Mokena are being poisoned. Several families have reported that their pets have suffered from the activities of this most cowardly and cruel enemy, the dog poisoner.

If you are annoyed or your property disfigured by trespassing dogs please remember that the dogs aren't familiar with the village ordinances nor are they instinctively able to recognize property lines as staked out by surveyors.

A nuisance committee is a part of the village board set-up. Report to the chairman of the nuisance committee when dogs trespass, instead of killing them indiscriminately by the cruellest and most inhumane method ever devised by man.

Remember that poison not only causes untold suffering but often kills the least offensive dog in the neighborhood. Get after the real offender, the owner of the dog.

BOWLING

The Mokena Women's Bowling League finished their season last week with Mokena Wallpaper in first place. Competition throughout the season was very close, and the last night was the decisive one; any one of the first four teams could have been the victor, or tie for same.

Cele Cooper held the high game of 231 and high series of 528 for the season.

The members of the winning team are: Ann Yunker, Lillian Marti, Mary Tauber, Louise Cummons and June Andrews.

The bowling banquet will be held Friday, May 11 at Little Jack's.

Sittin' Fishin'

In Canada's vast area of 3,852,800 square miles the fisherman is afforded the widest choice—not only of territory but also of fish and

methods of catching them. Here, a Cleveland angler sits on a chair made of tree limbs in the shallows of the Petawawa River in Algonquin Park, Ont., and leisurely casts upstream.

The Chicago Motor Club reminds motorists that it is against the law to load any car with passengers or goods in such a way as to interfere with the driver's operation of the car.

BERLE NEEDHAM

Rev. and Mrs. Robert Evans and family of Wakefield, Neb. were overnight guests of his cousin, Mr. and Mrs. Albert Cappel, Monday. They were enroute from a conference at Springfield, Ill.

Sharon Cappel, daughter of Mr. and Mrs. Wesley Cappel, took part in a dancing exhibition, "Wedding of the Painted Doll" at the Lindbloom high school in Chicago Sunday afternoon, Sharon is a student of the Virginia Kelly dancing school in Joliet.

April 27 the seventh and eighth grade pupils of Mokena public school enjoyed a bus trip to Chicago. They visited the Swift Packing company, Museum of Science and Industry and the Tribune building. Principal Mrs. Elizabeth Cappel and Mr. Sleight, teacher, accompanied them.

May 1, the first four grades of the school also enjoyed a bus trip to the Field's Museum in Chicago. Each pupil carried a nose bag lunch. Teachers, Mrs. Joy Leedom, Mrs. Ruby Wheelley and Mrs. Margaret Clark and room mothers accompanied the group.

Howard Beagley, who figured in what could have been a serious accident last week, is doing nicely. He was coming out of the Mokena Royal Blue store, carrying a parcel, and walked into a car being driven by Virgil Knupp of New Lenox. There were many cars parked in that section at the time and Knupp was driving very slow. This was the reason given for not seeing the oncoming car. Mr. Beagley suffered two broken ribs.

Mr. and Mrs. Clarence Breitbarth daughter of Mr. and Mrs. Beagley, who lived in Mokena with them last year, left Saturday for Bismarck, N. Dakota, where they were called by the serious illness of his mother.

The Women's Guild of St. John's church will meet in the church Thursday afternoon, May 17. Those serving are Mesdames Emil Keuch, Florence Yunker, George Warning, Louis Lauffer, Carrie Mattes, Frank Sievert, Lawrence Kohl, Mable Benson, Emma Klose and Richard Erickson. This will be an apron shower.

Mr. and Mrs. Harold Spiess will entertain the evening pinocle club Thursday nite.

Mr. and Mrs. E. J. Flynn, First street, have sold their home to Mr. and Mrs. Thomas H. Hull, who are moving here from Pennsylvania. Mr. Hull is a mechanic at Eastern Airlines.

The members of Girl Scout Troop 42 had a wonderful time at a roller skating party at the Frankfort gym last Tuesday evening. Accompanying the girls were Mrs. T. Arthur Shoop, leader; Mrs. Hugo Niethammer, co-leader and Mrs. Joe Doyle, troop committee member.

Rev. W. J. Riemann attended the Pastor's Day Monday at the Manteno State hospital as a part of the National Mental Health week. The program consisted of lectures and a tour of the hospital. CARD OF THANKS

I wish to thank my many friends for their kindness and the cards sent me, while I was in the hospital.

MRS. FRANK BECKER

CARD OF THANKS

We wish to thank all our friends, and neighbors for the kindness shown us during our recent bereavement in the death of our dear wife and mother, Mrs. Louise Beck; also for the lovely floral offerings and the donation of cars.

Arthur Beck and daughter JoAnn

We desire to extend our heart felt thanks to all friends, neighbors, and relatives for their kindness and help at the death of our dear husband and father, Carl Lehmann; to Rev. R. Mr. and Mrs. Harry Brandau, Pvt. and Mrs. Lloyd Brandau were pleasantly surprised Sunday afternoon when Mr. and Mrs. Vernon Brandau and family drove in from Otis, Colo. Pvt. After she opened her lovely gifts airplane bunco was played and refreshments were served. Sunday, May 6, she was guest at a shower given by Doris Schult and Eleanor Bormet. Traveling bunco was played and a luncheon was served. Arlene Stege will be married to Walter Bormet May 19 at 3:30 in the afternoon in the Trinity Lutheran church 159th and Oak Park avenue.

BEAT BAD WEATHER OR LATE SEASONS!

Plant with a **JOHN DEERE** HIGHER-SPEED Corn Planter

Speedy John Deere Tractor Corn Planters that check-plant accurately at 5 M.P.H. spelled the difference between good yields of fully ripened corn and crop failures on many farms in 1947. Because owners of these planters were able to check-plant as much as 60 acres a day, they were able to get their crop in on time in spite of an unseasonably wet spring.

The No. 490, above, has high-speed valves that assure well-bunched, perfectly-checked hills even at a 5 M.P.H. planting speed. Natural-drop seed plates and sloping hopper bottoms guarantee the world's most accurate drop. Automatic markers, power lift with delayed-action drop, automatic wire release, and flexible planting units are other outstanding features you'll appreciate.

There's a John Deere Tractor Corn Planter that will meet your needs exactly. See us for complete details.

OUR DEMOCRACY—by Mat

"I AM AN AMERICAN" MEANS

"I AM HEIR TO THE INALIENABLE RIGHTS OF LIBERTY: THE RIGHT TO FREEDOM OF SPEECH AND OF RELIGION—THE RIGHT TO EQUAL OPPORTUNITY WITH MY FELLOWS—THE RIGHT TO WORK AND PLAY AND GO WHERE I WILL."

BUT WITH THOSE RIGHTS GOES THE DUTY TO MAINTAIN AND EXTEND THEM—BY DISCHARGING THE OBLIGATION TO MY COUNTRY OF GOOD CITIZENSHIP, AND TO MY FAMILY OF PROVIDING FOR THEIR CURRENT AND FUTURE NEEDS. IF I DO MY INDIVIDUAL BEST TO PERFORM THAT DUTY, I CAN SAY—WITH PERSONAL PRIDE AS WELL AS PRIDE IN MY COUNTRY—"I AM AN AMERICAN."

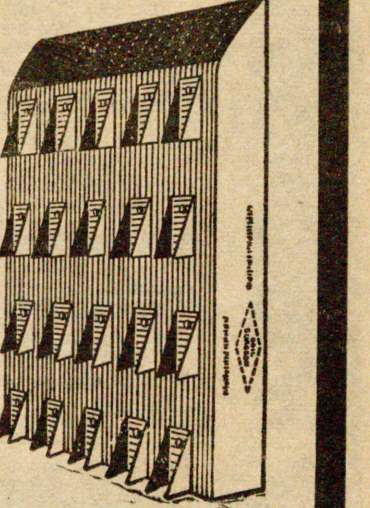

Orangegg A Day Helps Keep Doctor Away

An Orangegg is such a nutritious idea that it's a good suggestion for any member of the family, any hour of the day, containing as it does eight ounces of Florida orange juice, full of Vitamin C and low in calories, and one egg, an excellent source of protein food values, and economical now. Beat one egg well; add eight ounces of chilled orange juice (use the juicy fresh Florida oranges, now coming into markets, or frozen or canned orange juice) and beat well again. It's an ingenious way to insure getting an egg a day, and with eggs plentiful, it's an inexpensive meal-in-a-glass.
